## **POSITIVE CASE of COVID-19 in PRIMARY 7 CLASS**

Dear Parent / Guardian

We have been notified of a positive case of Covid-19 in our Primary 7 class. At present the whole class bubble does not need to isolate, however I would urge all parents and guardians to remain vigilant and cautious with regard to children appearing asymptomatic (no symptoms) throughout the week.

Please ensure your child takes a lateral flow before returning to school on Tuesday 11th January (if they have had covid in the last 90 days, they do not need to test). If you have no tests available please keep your child at home and arrange a test asap.

It is vital that we work together to help reduce the risk of transmission within the school and community. Lateral flow testing is less invasive and can be quite effective in early detection.

If your child is feeling generally unwell please err on the side of caution and seek advice from the school before attending class.

If your child presents with Covid-19 symptoms they **should not attend** school.

Please continue to report any positive Covid cases to our school office during the school day or email myself directly on [stfrancisenquiries@gmail.com](mailto:stfrancisenquiries@gmail.com) outside of school hours.

Your support with this matter is much appreciated.

Kind regards

Mrs F Hughes  
Principal
